

**FREE  
PROJECT  
SHEET**

# Stepping Stone

## Materials:

- Stonecraft Mix (3.5 lbs makes 1-8" stepping stone)
- Stone color mix (if desired)
- Stone mix
- Decorative accessories; flat marbles, shells, etc.

## Instructions:

1. Mix stone mix according to directions.
2. Pour mix into the mold and smooth mixture with putty knife, then jiggle the mold side to side to level the stone's surface.
3. Decorate! Make a handprint or embed objects in the mixture right away. (detailed instructions are on the mold package)
